CARE/STYLING

MAKISAKI Pracaxi Oil

Shine, Moisture, and a Soft Touch

- ✓ **Pracaxi oil, a natural plant-based hair nourishing oil, helps strengthen the hair and improves absorption so active ingredients can penetrate into the hair.**
- ✓ **Provides nourishment, shine, and gloss to damaged hair, while helping prevent and improve breakage and split ends caused by chemical treatments.**
- ✓ **A water-soluble oil that applies easily even to wet hair. It offers excellent absorption with a fresh, non-greasy finish, keeping hair moisturized and soft all day long.**
- ✓ **A multi-use oil that can be used before and after chemical treatments such as drying, coloring, and perming.**

[Directions] After towel-drying, apply a coin-sized amount evenly throughout damp hair, then dry. For a finishing touch, apply a small amount to the ends of the hair after drying.

[Ingredients] Cyclopentasiloxane, Dimethicone, Ethanol, Cyclohexasiloxane, Trisiloxane, Phenyl Trimethicone, Fragrance, Isononyl Isononanoate, Pracaxi Oil, Dimethicone/Vinyl Dimethicone Crosspolymer, Benzyl Benzoate, Citral, Citronellol, Geraniol, Hexyl Cinnamal, Hydroxycitronellal, Limonene, Linalool, Butylphenyl Methylpropional, Alpha-Isomethyl Ionone

50ml / 120ml / 300ml

[illegible]

CLEANSING

MAKISAKI Daily Shampoo

1000mL

- Double-cleansing is recommended for the hair and scalp.

- ✓ Contains amino acids that help maintain healthy hair.
- ✓ A mildly acidic shampoo that helps care for rough and damaged hair.
- ✓ Enriched with various oils, including rosemary oil, lavender oil, and eucalyptus oil.
- ✓ Contains 97.2% plant-derived oil.

[Directions] It is recommended to double-cleanse the hair and scalp, just like facial skin.

After thoroughly wetting the hair and scalp with lukewarm water, apply an appropriate amount of shampoo to the palm and gently lather. Massage the scalp first, then cleanse the hair with the remaining foam and rinse thoroughly.

For the second cleanse, apply about one-third of the first amount of shampoo to the palm and lather thoroughly. Massage mainly around the scalp, then rinse thoroughly with lukewarm water until no shampoo residue remains on the hair or scalp.

[Ingredients] Purified Water, Disodium Laureth Sulfosuccinate, Cocamidopropyl Betaine, PEG-150 Distearate, Glycerin, Lauryl Methyl Isethionate, Proline, Arginine, Glycolic Acid, Panthenol, Betaine, Sodium PCA, Hydrolyzed Keratin, Taurine, Lavender Flower Extract, Matricaria Flower Water, Green Tea Oil, Rosemary Oil, Lavender Oil, Eucalyptus Oil, Orange Oil, Bergamot Oil, Tea Tree Oil, Ethylhexylglycerin, Menthol, 1,2-Hexanediol, Guar Hydroxypropyltrimonium Chloride, Sodium Citrate, Sodium Chloride, Sodium Isostearoyl Lactylate, Butylene Glycol, Polysorbate-7, Propylene Glycol Laurate, Polysorbate-10, PEG-60 Hydrogenated Castor Oil, Disodium EDTA, Cocamide MIPA, Lauramidopropyl Betaine, Phenoxyethanol, Sodium Benzoate, Isopropyl Myristate, Linalool

CLINIC

MAKISAKI Pracaxi Clinic Treatment

Pure Plant Oils for Soft, Elastic Hair

A hair treatment created with olive oil and pracaxi oil, pure plant-based oils from nature.

Olive oil helps leave hair soft and full of volume, while pracaxi oil helps smooth and soften damaged hair.

What is Pracaxi?

- ✓ **Pracaxi oil is extracted from the seeds of the pracaxi tree, native to the Amazon region of Brazil.**
- ✓ **It contains Behenic Acid, a unique fatty acid that helps provide moisture and flexibility to the hair.**
- ✓ **It helps strengthen damaged hair and leaves it soft, smooth, and healthy-looking.**

[Directions] Can be used before, during, or after chemical treatments such as coloring or perming. After shampooing, apply an appropriate amount to damp hair, focusing on damaged areas. Massage thoroughly, leave on for 5-10 minutes, then rinse thoroughly with lukewarm water. For best results, cover with a plastic cap or apply heat for about 5 minutes.

[Ingredients] Purified Water, Glycerin, Cyclopentasiloxane, Cyclohexasiloxane, Propylene Glycol, Stearyl Alcohol, Cetyl Alcohol, Behentrimonium Chloride, Malic Acid, Olive Oil, Pracaxi Oil (100ppm), Panthenol, Black Bean Extract, Peony Extract, Aloe Barbadensis Leaf Extract, Hydrolyzed Hyaluronic Acid, Hydroxypropyltrimonium Honey, Stearamidopropyl Dimethylamine, Lauryl Alcohol, Myristyl Alcohol, Citric Acid, Butylene Glycol, 1,2-Hexanediol, Dipropylene Glycol, Dimethicone, Amodimethicone, Isopropyl Alcohol, Fragrance, Phenoxyethanol, Cetrimonium Chloride, Alpha-Isomethyl Ionone, Limonene, Linalool

CLINIC SYSTEM

MAKISAKI Acai Hair Clinic System

Restores the inner hair structure and rebuilds the CMC layer

Repair

Using the scientific principle of positive and negative ions, active ingredients quickly penetrate and absorb into the hair. The absorbed ingredients become fine particles, helping prevent further damage while leaving hair stronger, smoother, and more moisturized.

[Directions] After shampooing thoroughly with a silicone-free shampoo, towel-dry hair lightly. Apply M01 evenly from about 10cm below the crown area, then massage by hand. Depending on hair condition, apply heat for 10-15 minutes and leave to process naturally for 5 minutes.

[Key Ingredients] Acai Oil, Pracaxi Oil, Thyme, Chamomile, Avocado Oil, Ceramide

M01

250ml 8.45 fl.oz. / 500ml 16.90 fl.oz.

Fast penetration and strong bonding

Permeation

Using the scientific principle of positive and negative ions, active ingredients quickly penetrate and absorb into the hair. The absorbed ingredients become fine particles, helping prevent further damage while keeping hair stronger, smoother, and more moisturized.

[Directions] Without rinsing after M01, spray M02 evenly throughout the hair. Spray once more, focusing on damaged areas, and leave to process naturally for 5 minutes.

[Key Ingredients] Acai Oil, Pracaxi Oil, Arginine, Threonine, Glutamic Acid, Proline, Hydrolyzed Keratin, Silk Amino Acids, Rosemary, Sage, Lavender, Chamomile, Trehalose

M02

250ml 8.45 fl.oz. / 400ml 13.52 fl.oz.

Complex reaction and enhanced resistance

Continuance

Through the combined reaction of rich nutrients, heat, and moisture, the particles expand and help prevent nutrients from escaping from the hair. This step strengthens hair with protein and moisture, allowing it to be styled while helping protect hair against various external damage.

[Directions] Without rinsing after M02, apply M03 in the same way as M01 and massage by hand. Press the hair with a clinic-exclusive magic roller, then rinse lightly with lukewarm water.

[Key Ingredients] Acai Oil, Pracaxi Oil, Arginine, Threonine, Glutamic Acid, Proline, Hydrolyzed Keratin, Silk Amino Acids, Avocado Oil, Ceramide, Hyaluronic Acid

M03

250ml 8.45 fl.oz. / 500ml 16.90 fl.oz.

A luxurious blend of floral and fresh notes creates an attractive fragrance. This special scent provides a differentiated salon care experience.

STEP 1

First Step: Nourishing Damaged Hair

CMC Layer Protection · Selective Penetration Film Formation

100ml 3.38 fl.oz.

Apply M01 evenly throughout towel-dried hair after shampooing.
Wear a hair cap and apply heat with a heater or steamer for 10–15 minutes depending on hair condition.
After heat treatment, leave on naturally for 5 minutes.

TIP : Apply once more to damaged areas and massage by hand.

STEP 2

Second Step: Replenishing Lost Hair Components

Delivery of Nutrients and Amino Acids

100ml 3.38 fl.oz.

Without rinsing M01, apply M02 evenly throughout the hair and leave on naturally for 5 minutes.

TIP : Spray M02 once more onto damaged areas.

STEP 3

Third Step: Providing Moisture to the Hair

Nutrient Reaction · Moisture Care

100ml 3.38 fl.oz.

Without rinsing M02, apply M03 evenly throughout the hair and massage by hand.

Apply once more to damaged areas, then use heat with a heater or steamer, or work through the hair with a low-temperature magic iron without pulling.

Temperature guide: 50°C–80°C.

After the low-temperature treatment, leave on naturally for 5 minutes, then rinse with lukewarm water.
